## RE: 2023-2024 Bright Futures Fee Increase

Dear Bright Futures Parent,

Please be advised that the annual tuition for 2-day programming during the 2023-2024 school year has been raised to \$1,230.00, and the annual enrollment fee has been raised to \$130. This is a total increase of \$70.

Please note that there is a payment plan available that allows 2 individual payments - the first in September and the second in February.

If you have questions regarding fee payment, please contact your child's school.

Sincerely,

Danica Martin Assistant Superintendent Wolf Creek Public Schools
